The Village Emergency Operations Team is working hard to ensure the health and well-being of the community. As we continue to monitor the latest information on COVID-19 (Coronavirus), updated information will be shared with the community.

## **Bicycles on the Beach Path**

In order to further the Village's "Kindness is Contagious!" promotion of residents being respectful of each other during the Coronavirus pandemic, the use of bicycles on the Beach Path will only be permitted from 9:00 AM until 5:00 PM.

Children riding bikes are welcome all day. We encourage casual walkers, families with strollers, senior citizens, dog walkers and all other pedestrians to take advantage of the pre-9:00 AM and post 5:00 PM times. For more information please view our [flyer](#), or visit <https://bit.ly/3fEHgCo>.

## **United States Census 2020**

In light of the COVID-19 outbreak, the U.S. Census Bureau has extended the deadline for the 2020 Census. The [2020 Census Questionnaire](#) should only take most people 10 minutes to complete, and your response helps direct billions of dollars in funds to local communities for roads and other important public services.

Most households should have already received their invitation to respond to the 2020 Census. These official Census Bureau mailings will include detailed information and a Census ID for [completing the Census online](#).

In addition to an invitation to respond, some households will receive a paper questionnaire. You do not need to wait for your paper questionnaire to respond to the Census. We encourage you to complete your census form online or by phone. To learn more about Census 2020, please visit [www.2020census.gov](http://www.2020census.gov).

### **Home Testing for Homebound Residents**

Senior citizens and individuals over the age of 18 with disabilities who are experiencing symptoms but are homebound may call to request a COVID-19 test to be performed at their home by Miami-Dade Fire Rescue staff.
