**Subject:** Parking Transponders

Jorge,

I understand that there may be issues with some of the transponders which we have given to the village as part of the police department lease. Please notify any individuals having issues, whether ingoing or outgoing or both, that they need to schedule a meeting with Gary Kessler (copied here) our head of parking at Bal Harbour Shops. It is common that specific location of transponders and potential interference with SunPass can cause issues of them working properly. Gary and his staff should be able to assist in finding the proper transponder location or issue a new one in case it isn't working (they do fail occasionally as well).

Very best,

Nik
